

# FQ FORMULA

Formulating a useful focus question can be easier with a bit of structure.  
Structure the focus questions using the FQ formula: “How might we (ACTION) (OBJECT) (QUALIFIER) (END RESULT)?”

	ACTION	OBJECT	QUALIFIER	END RESULT
HOW MIGHT WE...	-----	-----	-----	----- ?
	-----	-----	-----	----- ?
	-----	-----	-----	----- ?
	-----	-----	-----	----- ?
	-----	-----	-----	----- ?
	-----	-----	-----	----- ?
